DOCKET NO. 2004-09

IN THE MATTER OF § TEXAS STATE BOARD OF

THE LICENSE OF §

STERLING HALL, D.V.M. § VETERINARY MEDICAL EXAMINERS

AGREED ORDER

On this the 17th day of June, 2004, came on to be considered by the Texas State Board of Veterinary Medical Examiners ("Board") the matter of the license of Sterling Hall, D.V.M. ("Respondent"). Pursuant to Section 801.408, Texas Occupations Code and Board Rule 575.27, an informal conference was held on March 3, 2004. The Respondent attended without counsel. The Board was represented at the conference by the Board's Enforcement Committee.

Respondent, without admitting the truth of the findings and conclusions set out in this Agreed Order, wishes to waive a formal adjudicative hearing and thereby informally dispose of the issues without a formal adjudication. Respondent agrees to comply with the terms and conditions set forth in this Order. In waiving an adjudicative hearing, Respondent acknowledges his understanding of the alleged violations and the adequacy and sufficiency of the notice provided to him.

Upon the recommendation of the Enforcement Committee and with Respondent's consent, the Board makes the following Findings of Fact and Conclusions of Law and enters this Agreed Order as set forth below.

Findings of Fact

1. On April 10, 2003, Andrew Rodriguez, Houston, Texas, presented his cat "Sally" to Sterling Hall, D.V.M., at the Hearthstone Animal Clinic, Houston, Texas, for a persistent skin condition. Diana Rodriguez called the clinic around 10:00 a.m. and was told that Dr. Hall had given the cat medication and was going to apply dipping solution to the cat's skin. Later in the morning, Dr. Hall called Diana Rodriguez and told her that the cat had developed a film on one eye and that he had taken the cat to an eye specialist for examination. The specialist found that the cat had sustained a chemical ocular burn. He stated that the cat was in shock and in poor medical condition. Later in the day, Dr. Hall told Ms. Rodriguez that "Sally" had sustained a burned eye and had burns on her mouth and throat. He said that the cat had died.

2. When he examined the cat, Dr. Hall gave her an injection of methyl prednisolone and decided to dip the cat in a lyme sulfur solution. He delegated the administration of the solution to a clinic technician who had never done the procedure at his clinic. He then went into surgery on another patient. After finishing surgery, Dr. Hall checked on "Sally" and saw nothing unusual. However, thirty minutes later, he noticed the film on the eye. In Dr. Hall's opinion, the dipping solution was applied at too high a concentration, causing the injuries and subsequent death.
3. Dr. Hall's failure to properly supervise the administration of a skin dip by a non-licensed person who had not previously done the procedure at his clinic, does not represent the same degree of humane care, skill and diligence in treating patients as is ordinarily used in the same or similar circumstances by average members of the veterinary medical community in Houston, Texas, or similar communities.

Conclusions of Law

1. Respondent is required to comply with the provisions of the Veterinary Licensing Act, Chapter 801, Texas Occupations Code, and with the Board's Rules.

2. Based on Findings of Fact 1 through 3, Respondent has violated Rule 573.22, PROFESSIONAL STANDARD OF HUMANE TREATMENT, of the Board's Rules of Professional Conduct, which requires veterinarians to exercise the same degree of humane care, skill and diligence in treating patients as is ordinarily used in the same or similar circumstances by average members of the veterinary medical profession in good standing in the locality or community in which they practice, or in similar communities.

3. Based on Finding of Fact 2, Respondent has violated Rule 573.10, SUPERVISION OF NON-LICENSED EMPLOYEES, of the Board's Rules of Professional Conduct, by failing to properly supervise the actions of a non-licensed person who had not previously performed the procedure at the Respondent's clinic.

4. Based on Findings of Fact 1 through 3 and Conclusions of Law 1 through 3, Respondent has violated Section 801.402 (6) of the Veterinary Licensing Act, Texas Occupations Code, and is subject to disciplinary action by the Board:

   801.402. GENERAL GROUNDS FOR LICENSE DENIAL OR DISCIPLINARY ACTION. A person is subject to denial of a license or to disciplinary action under Section 801.401 if the person:
   (6) engages in practices or conduct that violates the board's rules of professional conduct.

5. Based on Conclusions of Law 1 through 4, Respondent is subject to disciplinary action under Section 801.401 of the Veterinary Licensing Act, Texas Occupations Code:

   801.401. DISCIPLINARY POWERS OF BOARD. (a) If an applicant or license holder is subject to denial of a license or to disciplinary action under Section 801.402, the Board may:
   (1) refuse to examine an applicant or to issue or renew a license;
   (2) revoke or suspend a license;
   (3) place on probation a license holder or person whose license has been suspended;
   (4) reprimand a license holder; or
   (5) impose a civil penalty.

2
