DOCKET NO. 2005-17

IN THE MATTER OF § TEXAS STATE BOARD OF

THE LICENSE OF § VETERINARY MEDICAL EXAMINERS

JERRY PARKER, D.V.M. §

AGREED ORDER

On this the 17th day of February, 2005, came on to be considered by the Texas State Board of Veterinary Medical Examiners ("Board") the matter of the license of JERRY PARKER, D.V. M. ("Respondent") Pursuant to Section 801.408, Texas Occupations Code and Board Rule 575.27, an informal conference was held on December 9, 2004. The Respondent appeared without counsel. The Board was represented by the Board’s Enforcement Committee.

Respondent, without admitting the truth of the findings and conclusions set out in this Agreed Order, wishes to waive a formal adjudicative hearing and thereby informally dispose of the issues without a formal adjudication. Respondent agrees to comply with the terms and conditions set forth in this Order. In waiving an adjudicative hearing, Respondent acknowledges his understanding of the alleged violations and the adequacy and sufficiency of the notice provided to him.

Upon the recommendation of the Enforcement Committee and with Respondent’s consent, the Board makes the following Findings of Fact and Conclusions of Law and enters this Agreed Order as set forth below.

Findings of Fact

1. On June 9, 2004, Estelle Easterling, Benbrook, Texas, presented her Shih-tzu “Shy Anne” to the Benbrook Animal Hospital, Benbrook, Texas, because the dog had appeared tired and lethargic. Ms. Easterling dropped the dog off at the hospital and Jerry Parker, D.V.M., examined “Shy Anne.” Subsequent blood work revealed anemia and possible kidney and liver failure, and Ehrlicia infection. Ms. Easterling told Dr. Parker that she was limited to about $400 in treatment expenses for her dog.

2. Dr. Parker treated the dog with subcutaneous fluids, Baytril, and dexamethasone. The dog was released to go home with vitamins, antibiotics, and a special formula food. Dr. Parker expressed confidence that his prescribed treatment would improve “Shy Anne’s” condition.

3. At about 3:19 a.m. on June 10th, Ms. Easterling was awakened by the sound of the dog vomiting. Urine was on the floor and the dog appeared to be unconscious. Ms. Easterling rushed “Shy Anne” to the Metro West Emergency Center where she was examined by Shelley Finger, D.V.M. Based on Ms. Easterling’s recital of the dog’s recent treatment by Dr. Parker and Dr. Finger’s own examination, treatment was not recommended. The dog died a few minutes later in

the examination room.

4. Although constrained by the $400 available for treatment of “Shy Anne,” Dr. Parker conducted only $269 worth of diagnostics and treatment. Blood work showed that the dog was in critical condition upon presentation. Hematocrit was 16.6%, indicating probable internal bleeding. Dr. Parker did not emphasize the seriousness of the dog’s condition to Ms. Easterling. No additional diagnostics were suggested to find the cause of the bleeding and anemia, and confirm possible liver and kidney failure. Options such as continued hospitalization, euthanasia, referral, or blood transfusion were not offered. No Ehrlicia test was done. Subcutaneous fluids were given when IV fluids would have been the better choice for the dog’s acute condition. Upon release of the patient, Dr. Parker did not speak with Ms. Easterling to discuss the acute condition of the patient and discharge instructions.

5. Based on Findings of Fact 2 and 4, Dr. Parker’s treatment of the patient does not represent the same degree of humane care, skill, and diligence in treating patients as is ordinarily used in the same or similar circumstances by average members of the veterinary medical profession in good standing in Benbrook, Texas, or similar communities.

Conclusions of Law

1. Respondent is required to comply with the provisions of the Veterinary Licensing Act, Chapter 801, Texas Occupations Code, and with the Board’s Rules.

2. Based on Findings of Fact 2, 4, and 5, Respondent has violated Rule 573.22, PROFESSIONAL STANDARD OF HUMANE TREATMENT, of the Board’s Rules of Professional Conduct, which requires veterinarians to exercise the same degree of humane care, skill and diligence in treating patients as is ordinarily used in the same or similar circumstances by average members of the veterinary medical profession in good standing in the locality or community in which they practice, or in similar communities.

3. Based on Findings of Fact 2, 4, and 5, and Conclusions of Law 1 and 2, Respondent has violated Section 801.402 (6) of the Veterinary Licensing Act, Texas Occupations Code, and is subject to disciplinary action by the Board:

801.402. GENERAL GROUNDS FOR LICENSE DENIAL OR DISCIPLINARY ACTION. A person is subject to denial of a license or to disciplinary action under Section 801.401 if the person:

(6) engages in practices or conduct that violates the board’s rules of professional conduct.

4. Based on Conclusions of Law 1 through 3, Respondent is subject to disciplinary action under
Agreed Order 2005-17
Jerry Parker, D.V.M.

(3) place on probation a license holder or person whose license has been suspended;
(4) reprimand a license holder; or
