JERRY GAIL CONWAY, D.V.M. has failed to maintain, at his place of business, adequate records for Ritalin, aka Methylphenidate Hydrochloride, a Schedule II drug, as listed in pages 11 and 18 of Exhibit A, which is hereby incorporated for all intents and purposes.

II.

JERRY GAIL CONWAY, D.V.M. has failed to maintain, at his place of business, adequate drug records for Dilaudid, aka Hydromorphone HCL, a Schedule II drug, as listed on page 6 through 18 of Exhibit A.

III.

JERRY GAIL CONWAY, D.V.M. failed to establish a patient/veterinarian relationship prior to prescribing the Ritalin and Dilaudid described in

paragraphs I and II of this complaint and as listed on pages 6 through 18 of Exhibit A.

IV.

JERRY GAIL CONWAY, D.V.M. prescribed Ritalin and Dilaudid described in paragraphs I and II of this complaint and as listed in pages 6 through 18 of Exhibit A for medically unsound reasons, in that a total of 4,576 tablets, 4 mg. of Dilaudid was prescribed with DMSO as a topical leg paint for race horses during training; and 115 tablets of Ritalin was prescribed for race horses for training purposes.

V.

JERRY GAIL CONWAY prescribed these drugs to horse trainers, and in all instances, the trainers allegedly administered the drug to horses. Dr. Conway cannot confirm that the Ritalin and Dilaudid as described in paragraphs I and II of this complaint and as listed in pages 6 through 18 of Exhibit A were actually administered to the animals. Further, JERRY GAIL CONWAY failed to maintain records on the animals for which the Ritalin and Dilaudid, described in paragraphs I and II of this complaint and as listed on pages 6 through 18 of Exhibit A, were prescribed.

VI.

DR. CONWAY's failure to maintain records on controlled substances at his place of business constitutes violation of Article 7465a, Section 7(b) of the Veterinary Practice Act and Rule 30 of the Rules of Professional Conduct which state:

Article 7465a, Section 7(b) - Veterinary Practice Act

The Board may require its licensees to maintain a record-keeping system for certain controlled substances prescribed by the Board that includes the quantities and date of purchase, quantities and date dispensed, quantities and date administered, balance on hand, the name and address of the client and patient receiving the drugs, and the reason for dispensing or administering the drugs to such patient. The records are subject to review by law enforcement agencies and by representatives of the Board. A failure to keep such records shall be grounds for revoking, cancelling, suspending, or probating the license of any practitioner of veterinary medicine.

Rule No. 30 -

Texas Veterinarians shall maintain at their place of business records of all drugs listed in Schedule II of 21 Code of Federal Regulation, Part 1300 to end, in their possession. These records shall be maintained for a minimum of five (5) years. The Board shall prescribe a form for keeping records of those Schedule II substances which shall contain the following information:

- A. Date of Acquisition
- B. Quantity Purchased
- C. Date Administered, Dispensed, or Prescribed
- D. Quantity Administered, Dispensed, or Prescribed
- E. Name of Client and Patient receiving Drug(s)
- F. Diagnosis
- G. Balance on Hand

Violations of Article 7465a, Section 7(b) and Rule 30 constitute engaging "in dishonest or illegal practices in or connected with the practice of veterinary medicine" under Article 7465a, Section 14(c).

VII.

Prescribing Schedule II drugs without establishing a veterinarian/client relationship to determine if the drugs are administered and/or for medically sound reasons and failure to maintain patient records constitutes a violation of Rules 27, 32, 33 of the Rules of Professional Conduct which state in part:

Rule 27 -

It is unprofessional conduct for a licensed veterinarian to prescribe or dispense, deliver or order delivered any controlled substance without first having established a patient/veterinarian relationship by having personally examined the individual animals, herd, or a representative segment or a consignment lot thereof and determined that such controlled substance is therapeutically indicated following said examination.

Rule 32 -

Individual records will include, but are not limited to, identification of patient, patient history, including immunization records, dates of visits, x-rays, names and dosages of medications administered and/or dispensed, and other details as necessary to substantiate diagnosis and treatment.

Patient records shall be maintained for a period of three (3) years and are the responsibility and property of the employing veterinarian.

Rule 33 -

It shall be unprofessional and a violation of the Rules of Professional Conduct for the veterinary profession or veterinarian to prescribe, provide, obtain, order, administer, possess, dispense, give or deliver to or for any person, narcotic drugs, dangerous drugs, or any controlled substances that are not necessary or required for the care of animals, or where the use or possession of such drugs would promote addiction thereto. For purposes of the rule the term Narcotic Drugs, Dangerous Drugs, and Controlled Substances shall mean those which are defined and recognized as such by any law of the State of Texas or of the United States.

VIII.

The Texas State Board of Veterinary Medical Examiners has grounds to take disciplinary action against Dr. Conway's license under the Texas Veterinary Licensing Act, Article 7465a, V.A.T.C.S., Section 7(b) and Sections 14(c) and (e) which state:

Article 7465a, Section 7(b), Veterinary Licensing Act -

The Board may require its licensees to maintain a record-keeping system for certain controlled substances prescribed by the Board that includes the quantities and date of purchase, quantities and date dispensed, quantities and date administered, balance on hand, the name and address of the client and patient receiving the drugs, and the reason for dispensing or administering the drugs to such patient. The records are subject to review by law enforcement agencies and by representatives of the Board. A failure to keep such records shall be grounds for revoking, cancelling, suspending, or probating the license of any practitioner of veterinary medicine."

Article 7465a, Section 14(c) and (e), Veterinary Licensing Act -

" . . . the Board may revoke or suspend a license, place a person whose license has been suspended on probation or reprimand a licensee, . . . if it finds that an applicant or licensee:  
(c) has engaged in dishonest or illegal practices in or connected with the practice of veterinary medicine;  
(e) has engaged in practices or conduct in connection with the practice of veterinary medicine which are violative of the standards of professional conduct as duly promulgated by the Board in accordance with the law"

The foregoing complaint is submitted to the Secretary of the Texas Board of Veterinary Medical Examiners on this the 1st day of May, 1987.

Further, Affiant sayeth not.
